

Deer Management Task Force Minutes

April 17, 2023

To prepare for the April 20th meeting with Selinda Brandon from the New York State DEC, the Task Force met, via Zoom, to review all document comments submitted by the agency.

Each comment was read and discussed by the group and revisions were made to many of the identified sections or verbage based on the feedback. Other suggestions were identified by the group as needing more information and/or consideration.

Wendy and Susan will make edits to the Task Force's existing documents and share those as printed drafts at the April 20th meeting.

A request will be made to Kerri Harrington, City Clerk, to help set up a live stream of the April 20th meeting.
